Matching

14. _____ Integumentary system
15. _____ Epidermis
16. _____ Dermis
17. _____ Joints
18. _____ Ligaments
19. _____ Tendons
20. _____ Muscles
21. _____ Flexion
22. _____ Arteries
23. _____ Veins

- a. Connect bone to bone
- b. Attach muscles to bone
- c. Collection of elongated cells that have the ability to contract and expand
- d. Bending of the joint or limb by contraction of the muscle
- e. Provides the first line of defense against harmful agents and helps regulate body temperature
- f. Superficial covering of stratified squamous epithelium
- g. Deeper layer of dense, irregular connective tissue
- h. Carry blood from the heart to the rest of the body
- i. Return blood from the body to the heart
- j. Form the junction between two or more bones
