## VSCP Spotlights:

### Hood County 4-H

The Veterinary Science Certificate Program (VSCP) would like to congratulate four members of the Hood County 4-H Program for their completion of the 4 year course curriculum. Members above include, Abby Houck, Camey Powers, Bailey Burenheide, Nicholas Mayberry.

These students met monthly and participated in many outings and fun experiences including successful veterinary science competitions in Houston. In addition, Abby, Nicholas and Camey all attended one of our VSCP summer camps. Abby Houck has completed her volunteer hours and is now eligible to take the certified veterinary assistant (CVA) certification exam. The remaining three are either currently working on their required hours or are moving on to related fields in Animal Science.

This group of students had three local veterinary offices that supported them over the years. A huge shout out to the following clinics for their support of our students, Peak Performance Equine, Mesquite Ridge and Bluff Dale Animal Hospital.

This project has required a 4 year commitment and dedication. At the same time it has allowed them many opportunities. The VSCP is so proud of them and appreciate their effort, time and dedication!

If you'd like to stay informed on VSCP updates & events visit our website and follow us on social media.

*VSCP E-Newsletters are sent out on the 1st Friday of every month!*
