

The NEW MEXICO STATE CAMP is specifically designed to assist and grow veterinarians for New Mexico and its close surrounding areas. This camp is supported by donors who would like their efforts to benefit their local communities.

All students must apply for this camp through an online application which opens on March 1st, 2024.

This camp is limited to 20 students.

Applications will be reviewed in the order they are received. VSCP allows more than 20 applications to ensure that after verification and acceptance all spots are filled.

Once 20 eligible students are identified, VSCP will notify all applicants of acceptance or denial. We will close applications as soon as capacity and verification are completed.

If a student attended last year, they will not be eligible to attend this year's camp.

Students must meet 4 of the 7 criteria to be eligible for participation in this camp:

- Do not have access to veterinary science education in their high school or county 4H program
- Live in an underserved veterinary area (all of NM qualifies for this)
- English is their second language or English is not the predominant language spoken at home
- The applicant is the first one in their family to go to college (neither parent attended college)
- They are from a low-income family
- The applicant represents a minority represented by people of color as well as those of ethnic and national origin minorities
- The applicant lives in a rural area
